Dear Mr. Gözde Türkkkan:

MSHA has completed the evaluation of your application for approval of a cable. The application was dated April 5, 2021, and carried Company Code Number 000000.

This cable construction meets the requirements of Part 7, Subpart K of Title 30 Code of Federal Regulations (CFR).

The following requirements apply to this approval:

1. Approval Marking No. **"07-KA220003-MSHA"** must be permanently marked on the jacket of this cable at intervals not greater than 3 feet, including the number and size (gauge) of conductors, voltage rating, and cable type.
2. Approval of this product by MSHA obligates you, as the manufacturer, to maintain the quality of the product to assure the requirements of the approval are being met.
3. Any change in product composition or in any other factors that may affect an approval issued under Part 7 must not be made without prior authorization.
4. We have the right to revoke this approval for cause at any time.
5. This approval applies only to the products listed on the attached specification sheet.
6. We must be notified of any transfer of production or ownership of this product.

An invoice for the cost of processing this action will be forthcoming.

If you have any comments or questions relative to this letter, please refer them to Daniel Dewey at 304-547-0400.

Sincerely,

Juliette E. Hill  
Chief, Approval and Certification Center
